### 2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 [CLP] None

- 2.2 Label elements
- 2.3 Other hazards

#### **SECTION 3: Composition/information on ingredients**

#### 3.2 Mixtures

Trade name :

Print date :

Revision date :

Hazardous ingredients None Further ingredients SHC (Synthetic hydrocarbon)

Polyurea

Metallic soap

Additives not to declare

#### **SECTION 4: First aid measures**

Trade name : Revision date : Print date : TURMOSYNTHGREASE ALN 1001/00 05.12.2016 05.12.2016

Version (Revision) :

1.1.0 (1.0.0)

#### 4.1 Description of first aid measures

#### **General information**

When in doubt or if symptoms are observed, get medical advice.

#### **Following inhalation**

Remove casualty to fresh air and keep warm and at rest. If breathing is irregular or stopped, administer artificial respiration. In case of respiratory tract irritation, consult a physician.

#### In case of skin contact

Remove contaminated, saturated clothing immediately. Wash immediately with: Water and soap In case of skin irritation, consult a physician.

#### After eye contact

Rinse immediately carefully and thoroughly with eye-bath or water. In case of eye irritation consult an ophthalmologist.

#### After ingestion

Rinse mouth immediately and drink plenty of water. Let water be drunken in little sips (dilution effect). Get medical advice/attention if you feel unwell.

#### **4.2 Most important symptoms and effects, both acute and delayed** No information available.

4.3 Indication of any immediate medical attention and special treatment needed

#### **SECTION 5: Firefighting measures**

#### 5.1 Extinguishing media

#### Suitable extinguishing media

Dry extinguishing powder. Carbon dioxide (CO2). ABC-powder. BC-powder. Foam. Dry sand.

#### Unsuitable extinguishing media

Water. Strong water jet. High power water jet.

#### 5.2 Special hazards arising from the substance or mixture

Hazardous combustion products: Carbon monoxide (CO). Carbon dioxide (CO2). Burning produces heavy smoke.

#### 5.3 Advice for firefighters

Use suitable breathing apparatus.

#### 5.4 Additional information

Collect contaminated fire extinguishing water separately. Do not allow entering drains or surface water.

#### **SECTION 6: Accidental release measures**

Special danger of slipping by leaking/spilling product.

#### 6.1 Personal precautions, protective equipment and emergency procedures

None

#### 6.2 Environmental precautions

Do not allow to enter into surface water or drains. Do not allow to enter into soil/subsoil. Ensure waste is collected and contained. Make sure spills can be contained, e.g. in sump pallets or kerbed areas.

#### 6.3 Methods and material for containment and cleaning up

Take up mechanically, placing in appropriate containers for disposal. Soak up inert absorbent and dispose as waste requiring special attention. Suitable material for taking up: Universal binder Kieselguhr

# 6.4 Reference to other sections

None

Trade name : Revision date : Print date : TURMOSYNTHGREASE ALN 1001/00 05.12.2016 05.12.2016

Version (Revision) :

1.1.0 (1.0.0)

#### **SECTION 7: Handling and storage**

#### 7.1 Precautions for safe handling

#### **Protective measures**

It is recommended to design all work processes always so that the following is excluded: Generation/formation of mist. Avoid: Inhalation of vapours or spray/mists. Skin contact, Eye contact. Wash hands before breaks and after work. When using do not eat, drink, smoke, sniff.

#### 7.2 Conditions for safe storage, including any incompatibilities

Hints on joint storage

Storage class: 11 Storage class (TRGS 510): 11 Keep away from

No information available.

#### Further information on storage conditions

Keep/Store only in original container. Keep container tightly closed. Protect against UV-radiation/sunlight Humidity. Contact with air/oxygen. Dust deposits

#### 7.3 Specific end use(s)

None

#### **SECTION 8: Exposure controls/personal protection**

Wash hands before breaks and after work. Take the precautions customary when handling chemicals. Change contaminated, saturated clothing. Keep away from sources of ignition. - No smoking.

#### 8.1 Control parameters

None

#### 8.2 Exposure controls

#### **Personal protection equipment**

#### Eye/face protection

Eye protection: not required. Avoid: Eye contact. **Recommended eye protection articles** DIN EN 166

#### Skin protection

#### Hand protection

Hand protection is not required **By long-term hand contact**: Wear suitable gloves. **Suitable material**: NBR (Nitrile rubber) Butyl caoutchouc (butyl rubber) **Recommended glove articles**: DIN EN 374 DIN EN 420

#### **Respiratory protection**

No special measures are necessary. Avoid: Inhalation of vapours or spray/mists

#### **SECTION 9: Physical and chemical properties**

#### 9.1 Information on basic physical and chemical properties

Print date :	05.12.2016		

No information available.

# 12.5 Results of PBT and vPvB assessment

No information available.

#### 12.6 Other adverse effects

No information available.

#### 12.7 Additional ecotoxicological information

None

#### 12.8 Overall evaluation

If product enters soil, it will be mobile and may contaminate groundwater. In accordance with the required stability the product is poorly biodegradable.

#### **SECTION 13: Disposal considerations**

Dispose according to legislation. The allocation of waste identity numbers/waste descriptions must be carried out according to the EEC, specific to the industry and process.

#### 13.1 Waste treatment methods

Send to a hazardous waste incinerator facility under observation of official regulations. Collect the waste separately. Evidence for disposal must be provided.

#### **SECTION 14: Transport information**

#### 14.1 UN number

No dangerous good in sense of these transport regulations.

#### 14.2 UN proper shipping name

No dangerous good in sense of these transport regulations.

#### 14.3 Transport hazard class(es)

No dangerous good in sense of these transport regulations.

#### 14.4 Packing group

No dangerous good in sense of these transport regulations.

#### 14.5 Environmental hazards

No dangerous good in sense of these transport regulations.

#### 14.6 Special precautions for user

None

#### **SECTION 15: Regulatory information**

# <sup>15.1</sup> Safety, health and environmental regulations/legislation specific for the substance or mixture

 National regulations

 Emission control act (TA-Luft)

 Weight fraction (Number 5.2.5. I) : < 1 %</td>

 Water hazard class (WGK)

 Class : 1 (Slightly hazardous to water)

 Classification according to VwVwS

#### 15.2 Chemical safety assessment

No information available.

#### **SECTION 16: Other information**

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.
